

Attend our 2022 Launch webinar to get a preview of program updates!

Learn about the program changes planned for 2022 at our annual Trade Ally launch webinar on December 9 at 8 a.m. Those who **register and attend** will receive a Dunkin' gift card in appreciation for your participation. Even if you cannot attend, a link to the recording will be sent to all trade allies that register.

[Register now for the webinar!](#)

Our program year end is approaching!

Our program year ends on December 31, 2021. Please submit your rebate applications within 90 days of installation or by January 31, 2022, **whichever comes first**, to qualify for this year's rebate.

Projects installed or completed on or after January 1, 2022, will qualify for 2022 rebates and should be submitted on our **NEW 2022 applications**. New applications will be posted on our website at the start of the new year.

Make sure your Contractor Circle membership is set for the new year!

If you are a Contractor Circle installing member (CCim), you will receive an email about your 2022 status shortly. If you want to check your participation and membership status or have any questions, please contact Kristine Dwyer at 224.760.0946 or krdwyer@southernco.com

Not a Contractor Circle member yet? Installing and supplier trade allies can apply for Contractor Circle membership at any time. [Click here](#) to learn about eligibility requirements and to apply to become a member.

Quality control verification is an important part of our program

The Nicor Gas Energy Efficiency Program performs quality control verifications on all rebate applications to verify the equipment was installed, is operational and meets the eligibility requirements. The Nicor Gas team, or one of our Implementing Contractors, will contact customers directly for these efforts. Outside third-party evaluators may also contact customers for evaluation of the program. Please contact us if you or your customers have questions.
