Weatherization rebates for multi-family buildings

Available from January 1 - December 31, 2024

Seal and insulate your way to savings with weatherization rebates for your multi-family property. If your building has drafts or air quality concerns, these improvements can help save money and energy for you and your tenants.

<p>AIR SEALING</p>  <p>Perform air sealing to close gaps and holes that cause constant air leaks in your building.</p> <p>Rebate: \$2 per linear foot</p>	<p>ATTIC INSULATION</p>  <p>Add insulation to your attic to minimize heat loss during the winter and prevent heat gain in the summer.</p> <p>Rebate: Up to \$2.50 per square foot</p>
<p>DOOR SWEEPS</p>  <p>Install door sweeps along the bottom edge of exterior doors to seal the gap between the door and the frame and prevent heating and cooling loss.</p> <p>Rebate: \$75 per exterior door</p>	<p>DOOR WEATHERSTRIPPING</p>  <p>Perform air sealing to close gaps between the door and the door frame using vinyl weatherstripping.</p> <p>Rebate: \$25 per exterior door</p>
<p>DUCT SEALING</p>  <p>Minimize the amount of air lost due to leaks, holes and poor connections in your duct work. Duct sealing increases the overall efficiency of your building and can help lower your energy bills.</p> <p>Rebate: \$500 per building</p>	

Save money and energy at your multi-family property.

Effective sealing and insulation can:

- Reduce drafts and air leaks, helping improve temperature control to keep your tenants comfortable all year long
- Increase HVAC efficiency and reduce wasted energy
- Lower heating and cooling costs
- Improve overall air quality in your property
- Block insects and unwanted pests from entering your building through gaps and holes
- Reduce noise from the outside
- Achieve a sustainable future by lowering (GHG) emissions

All work must be completed by a program-approved contractor.

The Nicor Gas Energy Efficiency Program rebate will appear as an instant discount on your final invoice from your contractor.

Rebate eligibility may vary by project.
